

4.2.6

Zacharias, Ravi. *I, Isaac, Take Thee, Rebekah*. Nashville, TN: W Publishing Group, 2004.

In this book, the author has taken much of his teachings on love, relationships, and marriage and put it all together to form this book. It is roughly framed around the Isaac/Rebekah story. Different parts of the story serve as a launching pad to teach biblical truths about love and relationships. Overall, the book is helpful, especially chapter 2, "The Will to Do." Zacharias is well-gifted in examining culture and critiquing it in light of Biblical principles. He does the same in this book.

Level: Light-weight/easy to read

Theological Stance: Evangelical, Christian & Missionary Alliance
